

Benefits for membership

When becoming a member of the **ENMC Company Platform**, the company may participate as a full member. If your company is not in the position to take up full membership, we would be happy to discuss a tailored membership package. Please contact the Managing Director Dr Alexandra Breukel at +31-35-5480482. With either one of these memberships, the companies are co-funding the overall activities of the ENMC, around 8 to 10 workshops per year, and will be associated with the mission and the heritage of the ENMC.

A **full membership** requires an annual contribution of **€ 20,000 *** for a period of at least 3 consecutive years.

The benefits of a full member are:

- Each member has a dedicated contact person at the ENMC office
